

# Independent Research & Teaching Materials

This document consists of a chart that lists independent research or collections of teaching materials. This chart lists the name of the collection or the researcher, the URL, an overview of the work(s), an overview of the resource(s) it has to offer post-secondary teachers, and the country or region from which the organization resides. It is organized alphabetically.

**If you have any useful compilations of co-op-oriented research, please contact Amanda Solmes to share with the wider co-op research community.**

<b><u>Cooperative Libraries &amp; Research Collaboratives</u></b>				
<b><u>Name/ Individual</u></b>	<b><u>Website</u></b>	<b><u>Overview</u></b>	<b><u>Resources</u></b>	<b><u>Country</u></b>
Cooperative Curriculum Wiki	<a href="http://cooperative-curriculum.wikispaces.com/">http://cooperative-curriculum.wikispaces.com/</a>	Created by John Whitman, then at Babson College, now at Georgetown, and designed for students in professional graduate schools.	Describes key concepts and links out to supporting documents and videos. Suggestions are provided for a 14-session course, a 7-session course, and a 1 and 2-day workshop on cooperatives.	United States
